OUTSIDE-OF-THE-BOX THINKING

Your tool box says a lot about you. And now it's got a whole new way to say it. Loud and clear. The idea is pretty simple. Start with a great tool box. Then go crazy. Trick it out any way you want it. It's all up to you. Yeah, you put your tools into this box. More important, you put your self into it. Custom Classic Accessory Packages. Only from Snap-on.

START WITH A CLASSIC.

A genuine Snap-on Classic Series box. Roll cabs and top chests. Built the only way we know how. No compromises, no shortcuts – top to bottom, inside and out.

ADD METAL.

Stainless steel drawer fronts and corner guards – bright or brushed. Put 'em where you want 'em. They look great. They stand out. And they work – offering solid protection from wear and tear.

ADD A WORK SURFACE

Genuine northern hard maple butcher-block or high grade 16 gauge 304 stainless steel lets your Classic roll cab double as a workbench. New black bed liner top also available (not shown).

Hard Maple
butcher-block
work surface

Stainless steel work
surface with raised lip.

Stainless steel drawer
guards protect against
scratches

ADD COLOR.

Padded drawer liners in a range of hot colors. Mix, match, whatever you want. And, again, they offer solid protection.

ADD LIGHTS.

The ultimate bling. Let 'em know where you stand. Even in the dark.

Padded drawer liners
help organize and protect
your tools.

Stainless steel
corner guards
with laser-cut
"S" logo top
and bottom.

Stainless steel
drawer front with
laser-cut Snap-on
logo. Cool.

Stainless steel
drawer front with
laser-cut "S" logo.
Even cooler.

Neon light tubes add a custom
glow wherever you want it.
Available in green, blue and
red, of course.
